

## PRODUCTS

### DISCOVER THE FUTURE OF SUSTAINABLE BUILDING WITH TROX

#### EPDS FROM TROX

The importance of sustainability in our lives and the role of environmentally friendly products is undisputed. TROX takes you into a new era of building with Environmental Product Declarations (EPDs). Learn all about the eco-labelling of products at TROX, from the importance to the benefits of EPDs, and how they can have a lasting impact on your purchasing behaviour.

### FROM GOOD TO BETTER

#### REDUCE ENERGY COSTS WITH THE X-CUBE DOWNSTREAM SOUND ATTENUATOR

Sound attenuators obviously improve the acoustic performance; but they can also help to reduce energy costs, as is proven by the new TROX downstream sound attenuator for the X-CUBE AHU.

It is placed just downstream of the fan and, due to the clever air distribution, creates a much lower pressure drop while at the same time reducing the sound power level.

- Patented new product
- Ideal for air volumes up to 9,000 m<sup>3</sup>
- Optimised performance, improved downstream characteristics
- Lower noise emission levels
- Increased energy efficiency

#### TYPE PWX FANCOIL UNIT

# PWX FANCOIL

## PART OF YOUR OPTIMISED SOLUTION

The latest fancoil unit from TROX is a horizontal chassis type waterside fancoil suitable for concealed or exposed installations. Special characteristics of the Type PWX include:

- Removable access hatch with integrated hinge to facilitate inspection and maintenance
- Independent fan mounting which enables individual removal or replacement
- Fire resistant "Class O" acoustic insulation which provides low operating noise levels and improved thermal insulation
- A range of configurable options to meet your technical requirements and applications

Optional equipment and accessories include:

- Integrated controls package
- Inlet attenuator
- Discharge attenuator
- Inlet plenum
- Electric heating
- Circular or rectangular discharge connection

To optimise your HVAC design solution select TROX grilles and diffusers to complement the Type PWX.
