EASY PRODUCT FINDER: DESIGN PROGRAMME

FAST. RELIABLE. INNOVATIVE.

With its intuitive operating concept, the Easy Product Finder offers fast and simple design of TROX products for your projects. It's an indispensable tool in the building services engineering industry. The TROX Easy Product Finder has become an important tool in installation technology. The intuitive interface is user-friendly with the option to create your own dashboard. Key combinations and hotkeys enable fast working and ease of use.

With direct access to product selection and project structure, the easy addition and modification of project components, integrated product search and interactive room wizard - including control systems - enable fast, reliable and innovative work. When the selections for the project have been completed, a material list with all products, including essential technical data, can be created, exported and downloaded.

Advantages at a glance:

- Reliable technical data
- Interactive design assistants
- Many report functions like reports on input parameters and design results+
- Specification texts and bill of materials
- Easy adding and changing of project items
- Interactive room wizard

TROX EASY PRODUCT FINDER

Now available

CONDITIONS OF USE FOR EASY PRODUCT FINDER

- TROX GmbH confirms that the current TROX Easy Product Finder software (EPF) and its updates can be downloaded and used free of cost.
- This licence is not exclusive. TROX GmbH retains all rights to work on and modify the software.

The following operating systems are supported:

- Windows 7
- Windows 8
- Windows 10
- Windows XP is not supported anymore.

Note: If you have not yet installed .NET-Framework 4.6,.2, you will be informed during the setup of Easy Product Finder and be able to perform the installation.

Compatibility and support of the former version:
We recommend that you use the new Easy Product Finder v2.18.5 so that you are always up-to-date
