

NEW CIBSE ACCREDITED CPD COURSES AVAILABLE FROM TROX UK

[back to the
overview](#)

date	rubric
22.11.2016	company / products

TROX UK is delighted to announce that it has been accredited by CIBSE to deliver four new training courses. TROX UK developed the courses to assist consultants, contractors, building services engineers, technical designers and graduates with their continuing professional development (CPD). Each course involves a 1-hour presentation, with CIBSE-recognised certification, delivered by a TROX technical specialist.

The mode of delivery of the TROX CIBSE-accredited courses has been chosen for maximum flexibility and convenience. Senior members of the TROX technical team deliver the courses at the employer's premises at a mutually convenient date and time. All courses are strictly generic (offering widest possible applicability without reference to specific products) and are free of charge.

TROX UK is now able to offer the following courses:

- Course 1: Air for the People, Water for the Loads (A Guide to Energy Efficient Chilled Beam Technology)
- Course 2: Eco-design Requirements for Non-Residential Ventilation Units
- Course 3: Air Flow Control – Variable Air Volume
- Course 4: Lab Control (Room Air Management for Critical Airflow Applications)

For more information, and to book courses, contact Clare Tomalin on Tel: 01842 754545 or email: troxacademy@troxuk.co.uk

TROX is leading in the development, manufacture and sale of components, units and systems for the ventilation and air conditioning of rooms. With 29 subsidiary companies in 28 countries on 5 continents, 14 production facilities, and importers and representatives, TROX is present in over 70 countries. Founded in 1951, global market leader TROX, whose international head office is in Germany, generated in 2015 with a total of 3,700 employees around the globe revenues of €482 million.
