

MAINS TRANSFORMER

FOR SITE FITTING FOR VAV UNITS FITTED WITH 24V VOLUME CONTROLLERS

- 240V AC 25VA transformer - fused 1A (T)
- Fuse holder with 1A (T) fuse
- 6 way terminal block
- IP20
- Wiring diagram 00x227
- CE marked

General information

- 240VAC transformer in enclosure for 24VAC VAV controller actuators

Materials and surfaces Galvanised sheet steel construction

- Casing made of galvanised sheet steel
- Lid secured with 2 screws

Standards and guidelines

- BS 7671:2018 18th Edition Wiring Regulations
